## Member Spotlight

KIMBERLY ANEED, RN

Kim graduated from the University of Pennsylvania and worked in NICU and cardiac ICU in Chicago before taking time off to raise her children and move to CA. She has been the nurse at Mariner's Christian since 2019. She is the first full time RN at the school so there were some logistical challenges in getting everything in "nurse" order. The kids at school are hands down the best part of her job and brighten her day! Kim is married with four children, the youngest of whom she and her husband adopted from Haiti. She is passionate about foster care and adoption and she sings, hikes, reads and loves a good road trip.
